

BEECHWOOD
Sacred Heart School

Why choice matters

Beechwood is a 3-18 independent co-educational day and boarding school located in Royal Tunbridge Wells set in an idyllic campus bordering Dunorlan Park.

If you are considering independent education for your son or daughter then do please join us at one of our open events or daily appointments to view the school and learn more about the difference an independent education makes.

At Beechwood, we believe in excellence in teaching. In our small classes we provide an atmosphere that facilitates learning and inspires our pupils to explore new ideas.

We are very proud of our academic record; all of our students make excellent progress and are encouraged to achieve their academic potential.

"Choice" is a key word at Beechwood as we offer 22 subjects at GCSE and 24 at A-Level.

The breadth of subject choice enables pupils to study subjects that they have a real interest in and want to explore and develop at school and

then further on into Higher Education.

"The school is successful in helping pupils achieve good results while developing as independent, caring and articulate individuals." *Latesi ISI Report*

We are fortunate to have a wonderful pupil body who have a diverse range of interests and ambitions. To meet this demand we offer an unrivalled range of GCSE and A-Level subject choices and welcome new entrants to the school each year.

At Beechwood excellent advice is provided to both pupils and parents in order to ensure that option choices match future ambitions. A-Level results in 2017 were extremely good with many students achieving two 'A' grades or better and securing places at excellent universities.

Wide-ranging opportunities

Beechwood Preparatory School offers a range of opportunities both in and out of the classroom where every pupil feels motivated to discover his or her own particular talents.

We are passionate about developing future-proof, resilient children and we encourage all our pupils, whatever their skills and interests, to participate fully in school life.

Beechwood Prep is successful in preparing all their pupils for transition to Secondary School and supports those who choose to take the 11+ helping them to attain places at selective Grammar Schools.

The inquisitive nature and curiosity is ignited by a highly skilled and dedicated team of staff, enhanced by the quality of the pastoral care and extended by the wide-ranging

curriculum and extra-curricular activities on offer. Many lessons utilise Senior School facilities and the extensive grounds of the school. All of these factors contribute significantly to the all-round excellent standards achieved by so many of our pupils.

We work closely with our Parents providing regular information on progress and development and being part of a school community enables our Parents to appreciate the context of the learning journey and the benefits of our provision, compared to any alternatives.

"In all parts of the school the pupils' behaviour and attitudes are excellent and their personal development is a strength of the school." *Latesi ISI Report*

To arrange an appointment then please contact our Admissions Department.
